Dogs entered in the Amateur-Owner-Handler class will automatically be marked as eligible to compete in the NOHS.

Eligible dogs will be identified by an asterisk in the judge's book, steward's book & the catalog. Dogs must be handled throughout the breed level competition for the regular show by an eligible owner.

Professional handlers\*, household members and current assistants\*\* to professional handlers may not exhibit the dog in any NOHS competition during the entire show. For a detailed description of the National Owner-Handled Series, please visit the AKC website NOHS pages at:

*\*\*A current assistant is defined as anyone employed by a professional handler on a full-time basis or assisting a professional handler at the show or any time during the cluster/weekend. **PLANNING YOUR APPOINTMENT TIME:** A dog's pupils start constricting again within 2-3 hours after drops so dogs with later ring times could be examined first thing in the morning. Pupil dilation does not affect the vision in dogs like it does humans because they do not accommodate (use the muscle in the iris to fine focus their vision). It can make some dogs a little light sensitive until the pupil can constrict some which is more of concern at outdoor shows on sunny days.
